

## 顾佩华

顾佩华，汕头大学执行校长，博士、教授、博士生导师，加拿大工程院院士、加拿大自然科学与工程研究理事会(NSERC)全寿命周期设计工程(Chair in Life Cycle Design Engineering)首席科学家，中国教育部长江学者讲座教授。同时任教育部"CDIO 工程教育模式研究与实践课题组"组长，全国 CDIO 试点工作组组长，国际 CDIO 工程教育组织领导委员会成员和亚洲中心主任、教育部高等学校机械学科教学指导委员会委员机械设计制造及其自动化专业教学指导分委员会副主任委员、国际生产工程科学院设计科学与技术委员会主席等职务。多年来一直积极推动工程教育领域的改革。佩华教授主要研究领域为设计与制造工程。

**Panel Discussion 主题：关于 CDIO、OBE 和工程专业认证。**

**Gu Peihua    Phd.**

Professor Gu is the executive president of Shantou University. He is a doctoral supervisor, CAE Fellow, chief scientist and chair in Life Cycle Design Engineering of NSERC, as well as a chair professor of MOE Changjiang Scholars. Meanwhile, he serves as the group leader of “CDIO Engineering Education Model Research and Practice” of MOE, the head of national CDIO Pilot Group, the member of CDIO Council and director of CDIO Asian Center, the member of teaching instruction committee MOE Higher Education Mechanical Discipline, the deputy director of mechanical design, manufacturing and its automation Teaching Guidance Committee Branch, and the chair of International Production Engineering Institute of Design Science and Technology Commission. For years, he has been actively promoting reforms in engineering education. The major research areas include mechanical design and manufacturing engineering

**Panel Discussion Theme: On CDIO, OBE and Engineering Professional certification.**
